# Who's the Pop Icon of the Decade?

The 2010s have been another defining era for music. Social media has helped many artists build a following, and fandoms are mobilizing like never before! Now, EDM, alternative R&B and trap music are among the most popular sub-genres. While the longevity of a few artists carried over from the '00s, the '10s have produced a plethora of pop stars who rose to prominence earlier in the decade, left their permanent mark on pop culture and reached icon status. **Enter the Pop Icon of the '10s bracket. Katy Perry's third album "Teenage Dream" alone brought in five #1 Billboard Hot 100 hits—tying her with Michael Jackson's "Bad" record for the most #1s from a single album. Lady Gaga kicked off the decade as one of the world's biggest pop stars before going on to be nominated for Best Actress for "A Star Is Born" and to win Best Original Song for "Shallow" at the 2019 Oscars. **We're in the finals, who's the Pop Icon of the Decade?**
